A message from the desk of local physician and Care N' Care President, Dr. Tom Deas

Care N' Care is a local PPO with a Medicare contract exclusively for people who are entitled to Medicare Part A and enrolled in Medicare Part B living in Tarrant County. It's different because it is a local plan, created by local doctors, based right here in Tarrant County. All of the doctors who are part of Care N' Care, including me, have strong ties to the community and are dedicated to ensuring that this plan will do its best to meet your healthcare needs and is *here to stay*.

Introducing a Local Medicare PPO Option...

If you're a Medicare-eligible resident in Tarrant County, you deserve coverage options that satisfy your expectations for choice, affordability and quality of care. Your doctor participates in a health plan that may meet all those needs for you. It's called **Care N' Care**, a PPO with a Medicare contract. And it's exclusively for Medicare-eligible residents of Tarrant County. Our Care N' Care Health Plan I brings you ...

✓ **More coverage than Original Medicare typically provides**

Enjoy extra benefits beyond what Original Medicare typically provides ... for doctor visits, hospitalization, outpatient surgery, and much more. Care N' Care even provides benefits for things Original Medicare does not cover - like routine hearing care and hearing aids, routine vision care, and preventive dental care. It also provides a wellness benefit like health club fitness classes!

✓ **Lower costs than most Medicare Supplement products**

Care N' Care has NO deductibles for you to pay before you can receive benefits (unlike the deductibles you must pay with certain Medicare Supplements). And with low plan premiums, our plan can reduce your monthly insurance expenses compared to higher priced Medicare Supplement products.

✓ **Low-cost prescription drugs**

Care N' Care offers you both medical coverage AND prescription drug coverage in one plan. There's no need to purchase a separate drug plan. You'll have coverage for brand-name, generic and specialty drugs with **\$0 deductible**. Extended benefits are provided through Medicare's "coverage gap" (also called "the donut hole"), with **\$0 copayments** for generics filled at preferred local pharmacies.

✓ **The flexibility of a PPO, without the restrictions of an HMO**

HMOs don't cover you for out-of-network routine or non-emergency/urgent care. What's more, as an HMO member, in some circumstances, you would have to obtain a referral from your primary care doctor to see a specialist. Care N' Care is a PPO that provides both in-network and out-of-network benefits, without any referrals required!

PLUS enjoy:

- ✓ Prompt, personal service from your own Healthcare Concierge
- ✓ One of the best doctor networks in Tarrant County

That's not all!
