Care N' Care Members Affected by Recent Weather Events

As a result of weather events that began on Oct. 20, Texas Gov. Greg Abbott has declared a state of emergency in the counties of Cass, Cameron, Collin, Dallas, Ellis, Erath, Hunt, Kaufman, Lamar, Panola, Rains, Rockwall, Rusk, Tarrant, Van Zandt, and Wood.

To ensure our members continue to receive the medical care they need, Care N' Care has made important temporary adjustments to our coverage policies and procedures for members living in the affected counties. These include:

- Allowing for the immediate refill of prescriptions, even if they are not yet due to be refilled.
- Access to out-of-network providers. Care N' Care will provide members with the same cost-sharing they would get at an in-network facility.
- Replacement of durable medical equipment or supplies that were lost or damaged during the weather events.

These changes will remain in effect until the governor declares the disaster has ended or when 30 days have passed since the emergency was declared.

Care N' Care members who have questions about out-of-network coverage limitations, need transportation to a healthcare provider, or have any other questions during the weather emergency, can call their Healthcare Concierge at 1-877-374-7993 (TTY 711).
