

Care N' Care Health Plan (PPO) and Care N' Care Health Plan (HMO)

2021 Formulary

(List of Covered Drugs)

**PLEASE READ: THIS DOCUMENT CONTAINS INFORMATION
ABOUT THE DRUGS WE COVER IN THIS PLAN**

Formulary ID 00021516, Version 8

This formulary was updated on 3/23/2021. For more recent information or other questions, please contact us, Care N' Care Health Plan Customer Experience Team, at 1-877-374-7993 or, for TTY users, 711, October 1 – March 31, seven (7) days a week/8 a.m. – 8 p.m. (CST), or April 1 – September 30, Monday through Friday, 8 a.m. – 8 p.m. (CST), or visit www.cnchealthplan.com.

Note to existing members: This formulary has changed since last year. Please review this document to make sure that it still contains the drugs you take.

When this drug list (formulary) refers to "we," "us", or "our," it means Care N' Care Insurance Company, Inc.

When it refers to "plan" or "our plan," it means Care N' Care Health Plan (PPO) and Care N' Care Health Plan (HMO).

This document includes list of the drugs (formulary) for our plan which is current as of 3/23/2021 For an updated formulary, please contact us. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

You must generally use network pharmacies to use your prescription drug benefit. Benefits, formulary, pharmacy network, and/or copayments/coinsurance may change on January 1, 2022 and from time to time during the year.

What is the Care N' Care Health Plan Formulary?

A formulary is a list of covered drugs selected by Care N' Care Health Plan in consultation with a team of health care providers, which represents the prescription therapies believed to be a necessary part of a quality treatment program. Care N' Care Health Plan will generally cover the drugs listed in our formulary as long as the drug is medically necessary, the prescription is filled at a Care N' Care Health Plan network pharmacy, and other plan rules are followed. For more information on how to fill your prescriptions, please review your Evidence of Coverage.

Can the Formulary (drug list) change?

Most changes in drug coverage happen on January 1, but Care N' Care may add or remove drugs on the Drug List during the year, move them to different cost-sharing tiers, or add new restrictions. We must follow the Medicare rules in making these changes.

Changes that can affect you this year: In the below cases, you will be affected by coverage changes during the year:

- **Drugs removed from the market.** If the Food and Drug Administration deems a drug on our formulary to be unsafe or the drug's manufacturer removes the drug from the market, we will immediately remove the drug from our formulary and provide notice to members who take the drug.
- **Other changes.** We may make other changes that affect members currently taking a drug. For instance, we may add a new generic drug to replace a brand name drug currently on the formulary or add new restrictions to the brand name drug or move it to a different cost-sharing tier or both. Or we may make changes based on new clinical guidelines. If we remove drugs from our formulary, or add prior authorization, quantity limits and/or step therapy restrictions on a drug or move a drug to a higher cost-sharing tier, we must notify affected members of the change at least 30 days before the change becomes effective, or at the time the member requests a refill of the drug, at which time the member will receive a 30-day supply of the drug.
 - If we make these other changes, you or your prescriber can ask us to make an exception and continue to cover the brand name drug for you. The notice we provide you will also include information on how to request an exception, and you can also find information in the section below entitled "How do I request an exception to the Care N' Care Health Plan's Formulary?"

Changes that will not affect you if you are currently taking the drug. Generally, if you are taking a drug on

our 2021 formulary that was covered at the beginning of the year, we will not discontinue or reduce coverage of the drug during the 2021 coverage year except as described above. This means these drugs will remain available at the same cost-sharing and with no new restrictions for those members taking them for the remainder of the coverage year. You will not get direct notice this year about changes that do not affect you. However, on January 1 of the next year, such changes would affect you, and it is important to check the Drug List for the new benefit year for any changes to drugs.

The enclosed formulary is current as of 3/23/2021. To get updated information about the drugs covered by Care N' Care Health Plan, please contact us. Our contact information appears on the front and back cover pages. If the plan makes any negative non-maintenance formulary change, members affected will receive written notice which explains the change and the formulary posted on our website will be updated.

How do I use the Formulary?

There are two ways to find your drug within the formulary:

Medical Condition

The formulary begins on page 1. The drugs in this formulary are grouped into categories depending on the type of medical conditions that they are used to treat. For example, drugs used to treat a heart condition are listed under the category, "Cardiovascular Agents". If you know what your drug is used for, look for the category name in the list that begins on page number 1. Then look under the category name for your drug.

Alphabetical Listing

If you are not sure what category to look under, you should look for your drug in the Index that begins on page 99. The Index provides an alphabetical list of all of the drugs included in this document. Both brand name drugs and generic drugs are listed in the Index. Look in the Index and find your drug. Next to your drug, you will see the page number where you can find coverage information. Turn to the page listed in the Index and find the name of your drug in the first column of the list.

What are generic drugs?

Care N' Care Health Plan covers both brand name drugs and generic drugs. A generic drug is approved by the FDA as having the same active ingredient as the brand name drug. Generally, generic drugs cost less than brand name drugs.

Are there any restrictions on my coverage?

Some covered drugs may have additional requirements or limits on coverage. These requirements and limits may include:

- **Prior Authorization:** The Plan requires you or your physician to get prior authorization for certain drugs. This means that you will need to get approval from Care N' Care Health Plan before you fill your prescriptions. If you don't get approval, we may not cover the drug.
- **Quantity Limits:** For certain drugs, the Plan limits the amount of the drug that we will cover. For example, Care N' Care Health Plan provides 30 tablets per prescription for Januvia 100mg tablets. This may be in addition to a standard one-month or three-month supply.

You can find out if your drug has any additional requirements or limits by looking in the formulary that begins on page 1. You can also get more information about the restrictions applied to specific covered drugs by visiting our Web site. We have posted on line a document that explain our prior authorization restrictions. You may also ask us to send you a copy. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

You can ask Care N' Care Health Plan to make an exception to these restrictions or limits or for a list of other, similar drugs that may treat your health condition. See the section, "How do I request an exception to the Care N' Care Health Plan's formulary?" on page IV for information about how to request an exception.

What if my drug is not on the Formulary?

If your drug is not included in this formulary (list of covered drugs), you should first contact your Healthcare Concierge and ask if your drug is covered.

If you learn that Care N' Care Health Plan does not cover your drug, you have two options:

- You can ask your Customer Experience Team for a list of similar drugs that are covered by the Plan. When you receive the list, show it to your doctor and ask him or her to prescribe a similar drug that is covered by Care N' Care Health Plan.
- You can ask us to make an exception and cover your drug. See below for information about how to request an exception.

How do I request an exception to the Care N' Care Health Plan's Formulary?

You can ask Care N' Care Health Plan to make an exception to our coverage rules. There are several types of exceptions that you can ask us to make.

- You can ask us to cover a drug even if it is not on our formulary. If approved, this drug will be covered at a pre-determined cost-sharing level, and you would not be able to ask us to provide the drug at a lower cost-sharing level.
- You can ask us to cover a formulary drug at a lower cost-sharing level if this drug is not on the specialty tier. If approved this would lower the amount you must pay for your drug.
- You can ask us to waive coverage restrictions or limits on your drug. For example, for certain drugs, the Plan limits the amount of the drug that we will cover. If your drug has a quantity limit, you can ask us to waive the limit and cover a greater amount.

Generally, Care N' Care Health Plan will only approve your request for an exception if the alternative drugs included on the plan's formulary, the lower cost-sharing drug or additional utilization restrictions would not be as effective in treating your condition and/or would cause you to have adverse medical effects.

You should contact us to ask us for an initial coverage decision for a formulary, tier, or utilization restriction exception. **When you request a formulary, tier, or utilization restriction exception you should submit a statement from your prescriber or physician supporting your request.** Generally, we must make our decision within 72 hours of getting your prescriber's supporting statement. You can request an expedited (fast) exception

if you or your doctor believe that your health could be seriously harmed by waiting up to 72 hours for a decision. If your request to expedite is granted, we must give you a decision no later than 24 hours after we get a supporting statement from your doctor or other prescriber.

What do I do before I can talk to my doctor about changing my drugs or requesting an exception?

As a new or continuing member in our plan you may be taking drugs that are not on our formulary. Or, you may be taking a drug that is on our formulary but your ability to get it is limited. For example, you may need a prior authorization from us before you can fill your prescription. You should talk to your doctor to decide if you should switch to an appropriate drug that we cover or request a formulary exception so that we will cover the drug you take. While you talk to your doctor to determine the right course of action for you, we may cover your drug in certain cases during the first 90 days you are a member of our plan.

For each of your drugs that is not on our formulary or if your ability to get your drugs is limited, we will cover a temporary 30-day supply. If your prescription is written for fewer days, we'll allow refills to provide up to a maximum 30 day supply. After your first 30-day supply, we will not pay for these drugs, even if you have been a member of the plan less than 90 days.

If you are a resident of a long-term care facility, and you need a drug that is not on our formulary or if your ability to get your drugs is limited, but you are past the first 90 days of membership in our plan, we will cover a 31-day emergency supply of that drug (unless you have a prescription for fewer days) while you pursue a formulary exception.

- Emergency transitions and level of care changes: You may have a change in your treatment setting due to the level of care you require. Such transitions include:
 - If you are discharged from a hospital or skilled nursing facility to a home setting
 - If you are admitted to a hospital or skilled nursing facility from a home setting
 - If you transfer from one skilled nursing facility to another and that new facility is serviced by a different pharmacy
 - If you end your skilled nursing facility Medicare Part A stay – where payments include all pharmacy charges – and you now need to use your Part D plan benefit
 - If you give up Hospice status and revert back to standard Medicare Part A and B coverage

If you are outside your transition period, and experience a level of care change, Care N' Care Health Plan will allow you access to a 30/31 day refill (30 days in the retail setting and 31 days in the long-term care (LTC) setting) for formulary medications and an emergency 30/31 day (30 days in the retail setting and 31 days in the LTC setting) transition fill for non-formulary medications (including Part D drugs that are on the Plan's formulary but require prior authorization or quantity limit exception). This will occur on a case-by-case basis when an exception request or appeal has been filed but has not been completed by the end of the transition period. All transition fills for new members, either in the retail setting or LTC setting, will process automatically. If you require a transition fill outside of your first 90 days with Care N' Care Health Plan, you or your pharmacist should contact us at 1-855-791-5302, 7 days a week, 24 hours a day (TTY/TDD users should call 711), so we can implement our transition policy for you. If you enroll in our plan while living at home and then become a resident of an LTC facility, please contact us at 1-855-791-5302, 7 days a week, 24 hours a day (TTY/TDD users should call 711) to let us know that you're now a resident of an LTC facility. We can then implement an LTC transition policy for you. This policy does not apply for short-term leaves of absences (i.e. holidays or vacations) from LTC or hospital facilities.

We'll send you written notice via U.S. first-class mail within three business days of receiving your transition fill transaction from the pharmacy. This will contain an explanation of the temporary nature of that prescription fill, instructions on how to identify an appropriate therapeutic alternative that is on our formulary, an explanation of your right to request a formulary exception, and the procedure for requesting a formulary exception.

Care N' Care Health Plan's Formulary

The formulary below provides coverage information about the drugs covered by Care N' Care Health Plan. If you have trouble finding your drug in the list, turn to the Index that begins on page 99.

The first column of the chart lists the drug name. Brand name drugs are capitalized (e.g., JANUVIA) and generic drugs are listed in lower-case italics (e.g., atorvastatin).

The information in the Requirements/Limits column tells you if Care N' Care Health Plan has any special requirements for coverage of your drug.

Every drug on the plan's Drug List is in one of five cost-sharing tiers. The second column of the chart lists the tier for each drug.

- **Tier 1 - Preferred Generics:** (This is the lowest cost tier): Includes generic drugs that are available at the lowest cost share for this plan.
- **Tier 2 - Generics:** Includes generic drugs that are available at a higher cost to you than drugs in Tier 1. Also includes some very low cost brand drugs.
- **Tier 3 - Preferred Brands:** Includes preferred brand name drugs that are available at a lower cost to you than drugs in Tiers 4 and 5. Also includes some high cost generic medications which are available at a higher cost to you than drugs in Tiers 1 and 2.
- **Tier 4 - Non-Preferred Drugs:** Includes brand and generic drugs that are available at a higher cost to you than drugs in Tier 3.
- **Tier 5 - Specialty Drugs:** (This is the highest-cost tier): Includes some injectables and other high-cost drugs.

During the Initial Coverage Stage, the plan pays its share of the cost of your covered prescription drugs, and you pay your share (your copayment or coinsurance amount). Your share of the cost will vary depending on the drug and where you fill your prescription. Below is a summary of your copay amount based on drug tier.

Discrimination is Against the Law

Care N' Care complies with applicable federal civil rights laws and does not discriminate on the basis of race, color, national origin, age, disability, or sex. Care N' Care does not exclude people or treat them differently because of race, color, national origin, age, disability, or sex. Care N' Care:

- Provides free aids and services to people with disabilities to communicate effectively with us, such as:
 - Qualified sign language interpreters
 - Written information in other formats (large print, audio, accessible electronic formats, other formats)
- Provides free language services to people whose primary language is not English, such as:
 - Qualified interpreters
 - Information written in other languages

If you need these services, contact Care N' Care at 1-877-374-7993 (TTY: 711) October 1 - March 31, 8AM - 8PM (CST), 7 days a week; April 1 - September 30, 8AM - 5PM (CST), Monday through Friday.

If you believe that Care N' Care has failed to provide these services or discriminated in another way on the basis of race, color, national origin, age, disability, or sex, you can file a grievance with: Care N' Care, Attn: Appeals and Grievances, 1701 River Run, Suite 402, Fort Worth, TX 76107, 1-877-374-7993, (TTY 711), or via fax at 817-810-5214. You can file a grievance in person or by mail, fax, or email. If you need help filing a grievance, the Appeals and Grievances Department is available to help you.

You can also file a civil rights complaint with the U.S. Department of Health and Human Services, Office for Civil Rights electronically through the Office for Civil Rights Complaint Portal, available at <https://ocrportal.hhs.gov/ocr/portal/lobby.jsf>, or by mail or phone at: U.S. Department of Health and Human Services, 200 Independence Avenue SW., Room 509F, HHH Building, Washington, DC 20211, 1-800-368-1019, 800-537-7697 (TDD). Complaint forms are available at <http://www.hhs.gov/ocr/office/file/index.html>
