

EXTRA, EXTRA!

Supplemental Dental Rider gives you additional coverage, if you need it.

Sometimes we need a little something extra to care for our teeth. Care N' Care (HMO/PPO) offers a supplemental dental rider to fill the gap, provided by DentaQuest.

Care N' Care's HMO Plans help meet most of your everyday dental needs. The rider covers services most often used without the need for a referral or preauthorization. You can choose from almost 5,000 in-network dentists. Members receive all of the services with only a \$25 additional monthly premium.

Additional Benefits*:

- \$25 Monthly Premium
- \$7,500 Annual Benefit Maximum (ABM)
- No Annual Deductible
- Only Comprehensive procedures count toward the ABM
- No waiting Period after Enrollment

*For full benefit detail, refer to the Evidence of Coverage. Detailed dental procedure codes can also be found on the Care N' Care website, at cnchealthplan.com/our-plans-2022/plan-documents-2022/
