Texas Health Care at Home	<p>Hospital services in the home allows for certain health care services to be provided outside of a traditional hospital setting and within your home. Care begins after you're evaluated, determined to be eligible, and a hospitalist refers you. The hospitalist will consider your eligibility criteria including your medical conditions and your geographic location.</p> <p>If you are approved by the hospitalist, the Intake Employee will conduct a Safety Screening with you to ensure your home is safe for yourself and for providers who deliver patient care in your home. The Safety Screening assesses for safety issues such as presence of a caregiver in the home, potential fall risks, running water, reliable cell phone coverage, etc. If you pass the Safety Screening, you can be admitted into the program contingent on the patient providing consent.</p> <p>You will receive treatment and monitoring at home from a team of providers. Conditions which are eligible to be treated with this benefit can include: asthma, bronchitis, and other respiratory systems diagnosis; heart failure and shock; simple pneumonia and pleurisy; chronic obstructive pulmonary disease (COPD); cellulitis; kidney and urinary tract infections (UTI).</p>

### Initial Coverage Stage

During this stage you pay a flat fee (copay) or a percentage of a drug's total cost (coinsurance) for each prescription you fill and the plan pays the rest. Once your total drug costs (amount paid by the plan and by you or others on your behalf) reach **\$4,660**, you move to the Coverage Gap Stage.

\*To find out which drugs are Select Insulins, review the most recent Drug List we provided electronically on our website at [www.cnhealthplan.com](http://www.cnhealthplan.com). You can identify Select Insulins by the abbreviation "SSM" found in the "Requirements/Limits" column in the Drug List.

**Note:** This cost-sharing only applies to beneficiaries who do not qualify for a program that helps pay for your drugs ("Extra Help"). If you reside in a long-term health care facility, you pay the same as a standard retail pharmacy.

Cost-Sharing may change depending on the pharmacy you choose and when you enter a new phase of the Part D benefit. For more information on the additional pharmacy specific cost-sharing and the phases of the benefit, please call us or access our Evidence of Coverage online.

**Important Message About What You Pay for Vaccines** – Our plan covers most Part D vaccines at no cost to you. Call your Customer Experience Team for more information.

**Important Message About What You Pay for Insulin** – You won't pay more than \$35 for a one-month supply of each insulin product covered by our plan, no matter what cost-sharing tier it's on.

## Outpatient Prescription Drugs

### Coverage Gap

During the Coverage Gap stage, your out-of-pocket costs for Select Insulins will be no more than \$35 for a retail or mail order 30-day supply or \$70 for a retail or mail order 100-day supply. To find out which drugs are Select Insulins, review the most recent Drug List we provided electronically on our website at [www.cnchealthplan.com](http://www.cnchealthplan.com). You can identify Select Insulins by the abbreviation "SSM" found in the "Requirements/Limits" column in the Drug List.

For Tier 1 and select Tier 2 and 3 generic drugs, you pay either your Tier 1, 2, or 3 copayment or 25% of the costs, whichever is lower. For all other covered generic drugs, you pay 25% of the costs. For select Tier 3 brand drugs, you pay no more than the Tier 3 copayment. For all other brand name drugs, you pay 25% of the cost (plus a portion of the dispensing fee). You stay in this stage until your year-to-date "out-of-pocket costs" (your payments) reach a total of \$7,400. This amount and rules for counting costs toward this amount have been set by Medicare.

If you reside in a long-term health care facility, you pay the same as a standard retail pharmacy.

Note: This cost-sharing only applies to beneficiaries who do not qualify for a program that helps pay for your drugs ("Extra Help").

### Catastrophic Coverage

During this stage, the plan will pay most of the cost of your drugs for the rest of the calendar year (through December 31, 2023). Your share of the cost for a covered drug will be either coinsurance or a copayment, whichever is the larger amount (either coinsurance for 5% of the cost of the drug, or \$4.15 for a generic drug or a drug that is treated like a generic and \$10.35 for all other drugs).

## Supplemental Dental Rider

Members who choose to add the Supplemental Dental Rider to their plan will receive comprehensive dental services for an additional \$25 monthly premium. The rider provides coverage on dental services most often used without the need for a referral or preauthorization. HMO Supplemental Dental Rider In-Network coverage only.

### Additional Benefits Include\*:

- **Fillings**
- **Extractions**
- **Root Canals**
- **Dentures (full and partial) and denture adjustments**
- **Crowns**
- **Oral Surgery**
- **Implants**
